CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are only conditions under which bids will be received.

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for 75 cents cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

Notice—Write me if you do not know how or what to bid.

(THE END)

YOU WANT RESULTS.

No difference about the claims of other cataloguers—I GET RESULTS. The best prices are what you want—these are the things which count most. I have never found an unsatisfied person who sent me an important coin or medal collection to sell for him. The Hewitt family wrote me they were more than pleased with the results of their sale of March 21st. I can furnish letters of reference from the owners of every important collection sold by me in the past. I can refer you to a number of lawyers for the estates who owned the collections which were sold by me. Such lawyers give the very best sort of testimony, because they are business-like and are never swayed by acquaintanceship or sentiment. They feel their responsibility to the owners of the coins, and they have to be “shown.”

My sales contain a most interesting variety of Coins, Medals and Paper Money. Nothing gives me more pleasure than to see the coins actually sold.

Write me for terms. Let me catalogue your collection or duplicates.
